EDUCATION

DECEMBER 2019

BACHELOR OF SCIENCE IN COMPUTER SCIENCE, TARLETON STATE UNIVERSITY

AUGUST 2016

ASSOCIATE OF SCIENCE, MCLENNAN COMMUNITY COLLEGE

PROJECTS

FALL 2018

TEXT EDITOR (JAVA, JAVA FX, JSON, CSS)

Created desktop application that allows the user to auto save, load text files, select a font installed on their operating systems, and uses most of the functionalities found on notepad.

FALL 2018

SHOOTING GAME (JAVA, JME SDK)

Built a 3D world that allows the user to shoot objects at characters and make the characters disappear.

SPRING 2019

GAME QUIZ (REACT, JAVASCRIPT, FIREBASE)

Created a web application that allows the user to complete a quiz. Based on the quiz answers the user provided, the application then retrieves a list of games from the database, and shows the user the games that match the quiz answers.

SKILLS

- JavaScript, CSS, HTML
- Java, C++
- MySQL
- React
